PRODIGY

Date : Jan 08, 2022
Mode: Online

VISIT OUR WEBSITE :

<https://auceg.acm.org/>

ABOUT PRODIGY :

- Prodigy is an annual technical event conducted by ACM-CEG, Anna University which comprises of interactive workshops and tech events designed to spark an interest in Computer Science among school students.
- Prodigy helps students get a clear vision of the current trends in Computer Science field and develop a passion for it.
- Certificates and exciting prizes will be provided.
- All the events are free and open to the students of Class 9-12

Events

Reverse coding:

Are you good at observing and understanding patterns? Do algorithms excite you? Then, this is the right place for you to unleash your talents. This event requires you to devise a logic for the given set of inputs and outputs. Code with your friend to win exciting prizes!

Ideathon:

To all the young minds buzzing with new and inspiring ideas, Prodigy brings you Ideathon; an event curated for you to present and promote your ideas. Slay the event by presenting a ppt with your team to bag the prizes!

Events (contd..)

Math Aptitude:

Are you the math geek who asks for extra homework in your class? Do math and problem solving entice you? Here comes the event which is just right for you. Join this battle of the brains to solve exciting problems and grab the prizes!

AMA

Should I definitely know coding to pursue Computer Science? What are the prospects if I choose Computer Science? Do you often ponder these questions, or are you confused about the jargon and buzzwords related to CS? Then AMA (Ask Me Anything) is the right place for you to get all your queries clarified in one go !! Mark your calendars to shoot your questions !!

Events (contd..)

Levels with images

Are you inquisitive to explore the hidden facts behind images? This event brings you a range of images and puzzles related to computer science, where you get a chance to dive deep to learn more about the field. Join with your friend to win amazing prizes !!

Quiz

To all the quizzers out there, this event is exclusively to quench your thirst for tech and aptitude. Dustup those quiz books and brush up your trivia, for you certainly don't want to miss one of the enthralling quizzes.

Events (contd..)

OSINT Hunt

Do you feel like you can find the answer to anything with a simple Google search? Are you able to obtain information about anything and anybody on the internet with a swipe of your fingers? Then OSINT Hunt is the right contest for you! Test your Open Source Intelligence gathering skills and win prizes! (Open Source Intelligence - collecting information from publicly available sources)

Events (contd..)

UI/UX Design Workshop

Want to impress people with your attractive design? Buckle up to join this adventure and get an in-depth knowledge and hands-on-experience in designing an appealing user interface

THANK YOU !
